His Grace Cosmos Walker Affran

November 10 at 4:00 PM ·

This are the reasons late President of republic of Ghana was assassinated by 5 men who came in agreement to overthrow the late President government.

Mr Mills was assassinated because :

1. He wanted to relocate the capital of Ghana from Accra to Cape Coast .
2. He wanted to Amend the 1992 constitution where traditional kingdoms can not longer fashion again in republic and where we will have only traditional Chiefs and not kings and where we will have chiefdoms but not kingdoms in a republic.
3. He wanted to remove late yaa Asantewaa image from Ghana currency which is the cedi because he find out that what late Yaa Asantewaa did was not in the interest of the nation Gold Coast (Ghana) but was in the interest of her ethnic group or the tribe she late yaa Asantewaa hail from which is Asante tribe so there is no need for her to be honored with a national currency and he decided to remove late yaa Asantewaa image and replace it with late John Mensah Sarbah because what ever Mensah Sarbah did was in the interest of the nation Gold Coast "Ghana " but not his ethnic group Fanti or tribe he hail from as him John Mensah Sarbah.
4. He wanted to amend the constitution where Ghana presidency term for the president can be a extend from 4 years to 6 years for every government.
5. He wanted to stop a salary be given to a particular person in the country which he saw as unnecessary for that person to be paid by the state every month without any work be done for the country by the person.

Note : the 5 people get to know all this intentions made by late president Mills after Mr Mills sharing this information with someone he trusted most and this person also link the information to someone who he thinks this person will be affected most , if Late Mr Mills make this his intention possible. then this most affected person to be also contacted people he thinks it will be good for them to join hands to together and make it not possible for the late President to do what he intends to do.

Note : this is the reason why he was assassinated by a group of people made up of 5 persons who paid a local boxer to assassinate the late Mr Mills the president.

Who are this 5 persons?

Ask :

The chief

The politician

The wife of the politician

The businessman

The bodyguard .

The reward for the boxer after the job was done by him :

1. The killer was paid 100,000 dollars
2. Wine color car

When an Angel of the Lord made this know to me, i decided to reach the late president but I couldn't get the opportunity to meet him but as usual I prophecy about him many times concern his overthrown and assassination for 6 months and even the day he got assassinated, I prophesied about it with the time he will be assassinate ,and when the time was up this people succeeded their plan then the breaking news came that the president of republic of Ghana as pass away.

History will repeat itself again in the republic of Ghana.
God bless our nation Ghana.

But the boxer is so cheap that he was givin 100,000 dollars , a wine Toyota corolla car and was also named after a boxing arena to assassinate a sitting president... Jesus christ hmmm

How will he be charged. That an angel didnt speak to him?. Asem Sebe.

good luck to him/her and there is certain colors which are not good for you and if you don't know your color which you were born with and you just put on any color which is not your birth color, it brings you a bad day or bad luck. Every color has it meaning and it meaning has a connection with your birth star.

Angels of God are ready to help us to know our birth colors, colors which are good for us and colors which are not good for us. Tomorrow God willing, mark the date and time and God bless you all. **Cosmos Walker Affran**

My letter to my dear fellow builder.

My dear brother senior Prophet Owusu Bempah.

Greetings My brother , my brother Ghana is not in a good shape as far as the economy is concerned , my point is Npp government is incompetent, as NDC were also incompetence .

When NDC were in power, we critics them for not putting the nation in a good shape. We called them incompetent and we never said then opposition leader of Npp has brought demons to the country to work against the administration of NDC government. But we believe and it was true that NDC were incompetent for handling the affairs of the country.

Because of that Ghana voted against NDC to bring NPP to power because of their policies they campaign about. Now NPP is in Power for 20months now and still the nation is not in a good shape.

My dear brother again, I saw a video of you preaching and also giving prophecies of demons been brought to Ghana to come and fight the country economy by former President Mr John Mahama .

My brother don't you think with due respect that NPP government are incompetent and which is true, and also lack good policies which has put our dear nation into this mess of economy but not demons?

As far as am concerned with due respect my dear brother, no demons has entered this country purposely to destroy our economy. My brother Ghana doesn't need any prayers but rather the nation needs good policies from the government and the government should also stop collapsing local businesses because this local businesses are the ones who are putting the nation on it feet.

My dear prophet Owusu Bempah Sir I also heard you saying our former come back presidential hopeful as made a human rituals to able him to win power for NDC coming 2020 Ghana election. But my brother you and I knows well that no one has ever become a President of our dear nation Ghana without human rituals or without sharing human blood and also you know that in Ghana we don't win elections by voting but there is more to it than the voting.

My dear brother voting is covered up of becoming president of Ghana but what able one to win election and become president of our country is beyond voting.

My dear brother and fellow builder Sir let us be neutral and honest as men of God and also let us speak for God only but not for any political party , government or any institutions .

Prayer is good but Ghana is in mess and we need prayers but we need more good policies than prayers .

My dear brother Senior Prophet Owusu Bempah. God bless you Sir ,

From your fellow builder and brother

His Grace Cosmos Walker Affran .

You, Linda Peprah and 58 others

Apologize to Fanti's in Ghana and across the world , if you refuse to apologize to fanti's for such statements on my people then I have no choice to stop Former President John Mahama for becoming president or win the in coming 2020 election and also stop any Northerner to win presidential election in Ghana. Apologize publicly and you have less than 3 days to apologize . Refuse to apologize and then you will know who is His Grace Cosmos Walker Affran.

We have noted with dismay attempts by the Fante Caucus of the NDC to scuttle

The family of the late UN Secretary General, Kofi Annan, has expressed disappointment over the fact that no Ga Chief attended the burial service for the departed global icon despite the event being held in Accra.

WE'RE DISAPPOINTED IN GA CHIEFS - KOFI ANNAN'S FAMILY

You didn't invite GA traditional Authorities to mourn and pay their tribute to your late son and you want them to come to your son funeral from their own will. Meanwhile you buried your son Mr Kofi Annan in the land of the Ga's they should have been the first traditional leaders to be invited to the funeral before you will invite other Chiefs from other regions of the country. You have disrespect the Ga's additional leaders and Ga people in Ghana. They should have even pour the first libation before the casket of the late Mr Kofi Annan could have been brought out from the plane, but what happens, other Chiefs who are not Ga's are the ones who pour the libation on the Ga land while Late Mr Annan is not a Ga native believe the President of Ghana and the overnment, Ashanti Chiefs and Akwamu chiefs and late Mr Kofi Annan family should apologise to the king of Ga's and his chiefs and subjects for disrespect their Ga King, chiefs and their Land.

"I hear people saying that President John Mahama could come again. In the spiritual realm, it is not so. Someone can say NDC can win the election but to me, not with former president John Mahama. If they bring Mahama thousand times, he will lose a thousand times. Mahama can't be president again in Ghana," - Prophet Isaac Owusu Bempah.

Those of you who mocks and insult " spiritual men " like Prophets, mallams, Fetish priests on social media , just be careful because all of them carries spiritual powers whether divine powers or black powers, it is a spiritual powers and they can harm you with those spiritual Powers. The only Human beings who can have access into spiritual world are Prophet's, Mallams, fetish priests . Meanwhile you insult such people on social media while your name appear under their post, don't forget your name is your life and spirit and they can do anything to you since they have and seen your name. So don't dare anyone who bear such name or office.

90 % of Election victory is spirituality and 10 % is human effort, that is why before the election will take place some of us " seers "we already know who will win the election or the polls because everything that will happen in the physical world, it first take it place in the spiritual world before it takes effect in the physical world. The victory of election determined by spirituality not by human effort .believe it or leave it.
